

Beginning to Boil.

Political discussions have almost superseded the war question. The coming campaign is receiving attention, and the alignment of the various parties and fractions of parties is the matter of greatest concern just at present. The Republicans are very desirous of effecting a reconciliation with their offish half-brethren, the Silver Republicans; and the Democrats are looking for an affinity whereby they can claim relationship with the Silver Republicans. The Silver Republicans, it might be mentioned, are in some what of a predicament themselves. They are strongly attached to the old party and dislike very much to break entirely away from it, but cannot consistently see their way as yet to going back into that party; on the other hand they are not prepared to give up anything for silver and join the Democrats. And in that position the mixed up fight begins. What the outcome will be remains to be seen. —Mt. Pleasant Pyramid.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at the hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by H B Merrihew, Druggist.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he had not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M.
